EDUCATION

B-Tech . Artificial Intelligence and Data Science
V.S.B. Engineering College Karur 2023-2027
CGPA :7.71

ABOUT ME

Passionate and motivated B.Tech student specializing in Artificial Intelligence and Data Science with a strong interest in Full Stack Web Development. Experienced in designing and developing responsive, scalable web applications using modern frontend and backend technologies. Proficient in JavaScript, React.js, Node.js, Express.js, Python, Java, and database management, with hands-on experience building full-stack projects from concept to deployment. Strong problem-solving skills, a collaborative mindset, and a commitment to writing clean, efficient code. Eager to contribute to innovative development teams, build impactful web applications, and continuously enhance technical expertise in modern software development.

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap, Tailwind CSS
- **Backend & Databases:** Node.js, Express.js, Python (FastAPI/Django), MongoDB, MySQL,PostgreSQL

DEVELOPER TOOLS & PLATFORMS

- **Version Control & Development:** Git, GitHub, VS Code, Postman, npm
- **Deployment & Cloud:** Vercel, Render, Firebase, AWS (Basics)

PROJECTS

Real-Time Communication App (Chat Application):
Developed a real-time chat application using Firebase with secure user authentication and instant messaging. Focused on providing a smooth and responsive user experience.

AI Chatbot for College Website:
Built an AI-powered chatbot using Python and NLP to answer student queries automatically. Integrated the chatbot into the college website for quick and efficient support with API Integration

Real-Time Location Tracking Web Application:
Created a web application to track and display user locations in real time. Integrated map services for accurate location visualization and secure data handling.

CERTIFICATIONS & ACHIEVEMENT

Smart India Hackathon – (2025):
Selected as the only shortlisted team from the college for Smart India Hackathon (SIH).

Indian Innovation Event – Bharat Mandapam, New Delhi (2026):
Showcased AI-based project among national-level innovators Gained exposure to real-world problem solving and industry-level innovation.

Google cloud certification:
certificate collected from simplilearn.com

Infosys springboard:
Java Foundation.
Power BI for Business Professionals.
